

QuickBooks – issue importing IIF in newer version

CUSTOMER DOCUMENT
REVISED 11 JUN 2021

Newer versions of QuickBooks have an issue importing from IIF files. This is due to a new internal process they are using. If you are seeing this message – you can choose the link “Import it for me – I’ll fix it later”.

This information is provided by “Big Red Consulting”. The entire article may be viewed at: [QuickBooks 2019+ IIF Import Issues « Big Red Consulting](#)
